“IT CHANGED MY LIFE”

You won't believe the difference a brand new Guardian Conservatory Roof can make...

Now you can turn your old conservatory into an extension.
A room you can use all-year-round., warm in the winter and cool in the summer. Comfortable, quiet and thermally efficient. The Guardian roof has the ability to change your life. The complete changeover undertaken by our team of profession “Team Guardian” installers takes just a few days with very minimal disruption to your household. This revolutionary roof system is designed to replace the existing glass or polycarbonate while retaining the original windows, doors, frames and walls. At the same time it will provide substantial energy cost savings. With a beautiful tiled roof, all of a sudden your conservatory will be everyone's favourite room, a room you can use all year round.
Comfortable, quiet and thermally efficient.

How does The Guardian Roof keep my conservatory cool in summer and warm throughout winter. Fully tested and approved to all thermal and structural standards, the Guardian roof is a high performance insulated roof system comprising of a pre-engineered lightweight frame, two layers of rigid insulation board, internal insulated plasterboard, exterior grade plywood, vapour membrane and a choice of external tile finishes.

“ It turned our old conservatory into a home extension. ”
